

## Neptronic at ACREX India 2018

Neptronic is delighted to be participating in this year's ACREX India 2018 expo in Bangalore, from February 22<sup>nd</sup> to the 24<sup>th</sup>.

We are excited to be showing at BIEC, India's first LEED certified green exhibition and conference facility. Stop by and see us at **Exhibition Hall 3A, booth #A-12** in and check out our latest developments in humidification and controls.

### About Neptronic

Founded in 1976, Neptronic is a private corporation that designs, manufactures and distributes products for the HVAC industry. The Neptronic product line includes intelligent controllers, electronic actuators, actuated valves, humidifiers and electric duct heaters.

Products are designed and manufactured by over 200 dedicated employees in an 80,000 ft<sup>2</sup> (7,500 m<sup>2</sup>) state-of-the-art facility located in Montreal, Canada. Using a vertically integrated plant model, all R&D and manufacturing capabilities are located under one roof; from software and hardware development, to SMT circuit board assembly, to sheet metal fabrication, to product testing.

Neptronic is committed to research and development, provides innovative products and technologies and exports over 75% of its sales through an exclusive distribution network for the HVAC industry worldwide.
