## Neptronic Welcomes New Agent in Southwestern Ontario

**Montreal, Canada | April 11<sup>th</sup>, 2022** - Neptronic is pleased to announce the addition of a new agent to our distribution network. O'Dell Associates will be representing our company in Southwestern Ontario.

O'Dell Associates have been serving the heating, ventilating, and air conditioning (HVAC) equipment market since 1987. As a manufacturer's representative, we take pride in delivering world-class HVAC equipment solutions. A few of our specialties include fans & ventilators, humidification, dehumidification, air handling, and more.

With 6 offices across Ontario, O'Dell works with all its stakeholders within the building and mechanical services. This includes working with owners, contractors, and consulting engineers in order to service the design-build, bid-spec, and service-contractor markets. We support the application, installation, and commissioning of our complete product offering.

*"With a successful history of representing Neptronic in Ottawa, we're extremely excited to extend this partnership into the Southwestern Ontario humidification market. Neptronic's commitment to quality, innovation and customer support aligns perfectly with O'Dell's vision and mission." ~Nathan Martin*

### About Neptronic

Neptronics' equipment is the first choice for air conditioning manufacturers and designers due to our experience in the manufacturing of humidification equipment, our practical redesigns in maintenance, precision in operation and low energy
