Neptronic at the 2023 AHR Expo

Montreal, Canada | September 30th, 2022 - The greatest event in the HVACR industry is coming back again for another year. We are pleased to announce that Neptronic will be participating in the 2023 AHR Expo. This year the convention will take place in Atlanta at the Georgia World Congress Center. Come meet our Neptronic team and discover all our latest products and features from February 6th to February 8th at **booth C5745**.

See what our company has to offer as we showcase our latest additions in products.

The annual convention, which allows the entire world of the HVACR industry to gather provides manufacturers a unique platform to come together, share ideas, and display the future of HVACR technology. The AHR Expo is designed for anyone who works in the HVACR industry as it is the best place for engineers, contractors, technicians, and other industry professionals. The Expo gives people working in this industry a fantastic opportunity to build business relationships, explore the latest applications and trends. Our Neptronic team is excited to take part in another AHR Expo and continue to grow in this ever-evolving field.

We are appreciative for your continued support, and we look forward to seeing you in the winter.

Why Neptronic?

At Neptronic, we pride ourselves in our ability to adapt to diverse applications. We have been at the heart of humidification innovation since 1976 to help enhance process efficiency and end-result quality by generating the ideal ambient conditions for our customers' needs.

Committed to research and development, we constantly aim to improve our products' reliability and precision. Our dedicated team of over 300 experts works in Montreal, Canada to create the ideal solutions for your applications.
